

Re: Mike Bailey / Tech Support

To Whom It May Concern:

This letter is in regards to a job reference for Mike Bailey. I am the Human Resource and Payroll Administrator at the Headache and Pain Center. Our computer system is very outdated and overloaded with too many users on the system. Mike has had quite the challenge with our system due to these issues. He has always figured out how to make things run more smoothly and efficiently, even with the handicap system. He is very pleasant to work with and always willing to help solve a problem with his high level of intelligence. He will be a great asset to any company that chooses to employ him.

If there are any questions regarding my reference, you may contact me at: 913-387-3162.

Sincerely,

Wendy McCubbins
Human Resource Administrator
